Re: 2004 Section 303(d) List

Dear Mr. Stewart:

This correspondence is regarding the U.S. Environmental Protection Agency's (EPA) decision to partially disapprove New Hampshire's 2004 303(d) list. Specifically, in June of 2005 EPA disapproved the State's decision not to list five water bodies which met the requirements for listing under Section 303(d) of the Clean Water Act (Table 1). EPA opened a public comment period concerning this decision by posting notice in the Federal Register from July 8, 2005 through August 8, 2005. No comments were received.

At this time, EPA is requesting that New Hampshire add the five waters listed below in Table 1 to the 2004 303(d) list.

**Table 1. Waters added to New Hampshire's 2004 303(d) List.**

Water Body <sup>a</sup>	Assessment Unit <sup>b</sup>	Pollutant <sup>c</sup>	Basis for Listing <sup>d</sup>	Priority Ranking <sup>e</sup>

<sup>a</sup>Waterbody being added to the State's 303d list.

<sup>b</sup>Waterbody segment identification number; designated by New Hampshire.

<sup>c</sup>Specific pollutant(s) for which the waterbodies were found to exceed water quality standards.

<sup>d</sup>Rationale for individual listing decision.
